Dear Senator Coats:

There is a very serious violation of the civil rights of perhaps tens of thousands of American that demands an immediate, in-depth Congressional investigation.

The San Francisco Examiner has reported that the FBI and the San Francisco Police Department (SFPD) are conducting a criminal investigation of illegal surveillance of American citizens by the Anti-Defamation League (ADL) of B'nai B'rith, in collaboration with the ADL's contacts in police departments around the country.

As a result of this investigation it was discovered that the ADL had in its possession illegally acquired files taken from more than twenty police departments in the state of California alone. Further, this investigation has revealed that the ADL is conducting this operation a national basis.

These are the kind of activities that are both illegal and not in the best interest of the citizens (not the government, but citizens) of the United States. It is your responsibility and obligation to demand and participate in a national Congressional inquiry into this matter.

Please advise me as to what immediate action you will take to end this massive violation of American civil liberties.

Respectfully, *D*

Dear Senator Coats,

I am writing in regard to the enclosed reprint from the San Francisco Examiner.

The ADL is an unregistered agent of a foreign government operating in the United States. This is a well known, documented fact that seems to go unnoticed or ignored by many of our government officials and especially the news media. The uncovering of the spy ring in San Francisco has not been given the media coverage that something of this nature should have been given.

The spying on thousands of American Citizens is a violation of their civil rights and something of this magnitude calls for a full scale investigation in the congress and senate and I urge you and your colleagues to look into this matter. I would appreciate hearing from you on this matter.

Thank You Sincerely

The FBI and the SFPD raided the ADL's offices in Los Angeles and San Francisco and discovered that the ADL had in its possession illegally acquired files taken from more than twenty police departments in the state of California alone.

The evidence indicates that the ADL's illegal penetration of police departments is taking place on a national level.

There are names of some 12,000 Americans in the ADL files that are now in the custody of the SFPD alone. How many hundred thousand names are in ADL files around this country?

This sounds like the kind of thing that happens in a totalitarian police state.

The fact that the San Francisco investigation has already revealed that the ADL is conducting this operation on a national basis demands that a national Congressional inquiry be undertaken to get to the bottom of this scandal.

I am urging you to call for a full-dress Congressional inquiry into this scandal.

Please advise me as to what immediate action you will take to end this massive violation of American civil liberties.

Dear Senator Coats:

I am writing in further response to your April 28th and May 5th communications on behalf of your constituents. They expressed concern over allegations of an illegal surveillance of American citizens by the Anti-Defamation League of B'nai B'rith using information provided by its contacts in law enforcement agencies.

Based on the considerable press coverage this issue has received, the concerns expressed by your constituents are certainly understandable. While the FBI, as a matter of policy, will not disclose information which could compromise a pending investigation, you may assure your constituents that all aspects of this case are being explored. The San Francisco Police Department has been most cooperative in this investigation. With its assistance, the FBI will actively seek prosecution of any individuals discovered to be involved in illegal activity or any enterprise which involves a violation of Federal statutes.

Thank you for providing the FBI an opportunity to address your constituents' concerns.

Sincerely yours,

The San Francisco Examiner has reported that the FBI and the San Francisco Police Department (SFPD) are conducting a criminal investigation of illegal surveillance of American citizens by the Anti-Defamation League (ADL) of B'nai B'rith, in collaboration with the ADL's contacts in police departments around the country. (See the Examiner article reproduced on the reverse side of this letter.)

The FBI and the SFPD raided the ADL's offices in Los Angeles and San Francisco and discovered that the ADL had in its possession illegally acquired files taken from more than twenty police departments in the state of California alone.

The evidence indicates that the ADL's illegal penetration of police departments is taking place on a national level.

There are names of some 12,000 Americans in the ADL files that are now in the custody of the SFPD alone. How many hundred thousand names are in ADL files around this country?

This sounds like the kind of thing that happens in a totalitarian police state.

The fact that the San Francisco investigation has already revealed that the ADL is conducting this operation on a national basis demands that a national Congressional inquiry be undertaken to get to the bottom of this scandal.

I am urging you to call for a full-dress Congressional inquiry into this scandal.

Please advise me as to what immediate action you will take to end this massive violation of American civil liberties.

Sincerely,

Dear Senator Ford:

I am writing in further response to your May 5th communication on behalf of your constituents. They expressed concern over allegations of an illegal surveillance of American citizens by the Anti-Defamation League of B'nai B'rith using information provided by its contacts in law enforcement agencies.

Based on the considerable press coverage this issue has received, the concerns expressed by your constituents are certainly understandable. While the FBI, as a matter of policy, will not disclose information which could compromise a pending investigation, you may assure your constituents that all aspects of this case are being explored. The San Francisco Police Department has been most cooperative in this investigation. With its assistance, the FBI will actively seek prosecution of any individuals discovered to be involved in illegal activity or any enterprise which involves a violation of Federal statutes.

Thank you for providing the FBI an opportunity to address your constituents' concerns.

Sincerely yours,

Honorable Ernest F. Hollings
United States Senate
Washington, D.C. 20510-4002

Dear Senator Hollings:

I am writing in further response to your April 24th and 29th communications to the Department of Justice and the FBI on behalf of your constituents. They expressed concern over allegations of an illegal surveillance of American citizens by the Anti-Defamation League of B'nai B'rith using information provided by its contacts in law enforcement agencies.

Based on the considerable press coverage this issue has received, the concerns expressed by your constituents are certainly understandable. While the FBI, as a matter of policy, will not disclose information which could compromise a pending investigation, you may assure your constituents that all aspects of this case are being explored. The San Francisco Police Department has been most cooperative in this investigation. With its assistance, the FBI will actively seek prosecution of any individuals discovered to be involved in illegal activity or any enterprise which involves a violation of Federal statutes.

Thank you for providing the FBI an opportunity to address your constituents' concerns.

Sincerely yours,

Dear Mr. [REDACTED]

A copy of your April 12th letter to Senator Nancy Kassebaum expressing concern over allegations of an illegal surveillance of American citizens by the Anti-Defamation League of B'nai B'rith using information provided by its contacts in law enforcement agencies has been referred to the FBI.

Based on the considerable press coverage this issue has received, your concerns are certainly understandable. While the FBI, as a matter of policy, will not disclose information which could compromise a pending investigation, you may be assured that all aspects of this case are being explored. The San Francisco Police Department has been most cooperative in this investigation. With its assistance, the FBI will actively seek prosecution of any individuals discovered to be involved in illegal activity or any enterprise which involves a violation of Federal statutes. I want to assure you, too, that the FBI will look into other such violations of Federal law coming to our attention regardless of where they may occur in our country.

We appreciate your taking the time to share your views and observations with Senator Kassebaum.

Sincerely yours,

Dear Congressman Gunderson:

I am writing in further response to your May 27th communication on behalf of Ms. [REDACTED] expressed concern over allegations of an illegal surveillance of American citizens by the "Anti-Defamation League of B'nai B'rith" using information provided by its contacts in law enforcement agencies.

Based on the considerable press coverage this issue has received, the concerns expressed by Ms. [REDACTED] are certainly understandable. While the FBI, as a matter of policy, will not disclose information which could compromise a pending investigation, you may assure Ms. [REDACTED] that all aspects of this case are being explored. The San Francisco Police Department has been most cooperative in this investigation. With its assistance, the FBI will actively seek prosecution of any individuals discovered to be involved in illegal activity or any enterprise which involves a violation of Federal statutes.

Thank you for providing the FBI an opportunity to address your constituent's concerns.

Sincerely yours,

April 22, 1993

Congressman Mel Hancock
129 Cannon HOB
Washington, D.C. 20515

There is a very serious violation of the civil rights of perhaps tens of thousands of Americans that demands an immediate, in-depth congressional investigation.

The San Francisco Examiner has reported that the FBI and the San Francisco Police Department (SFPD) are conducting a criminal investigation of illegal surveillance of American citizens by the Anti-Defamation League (ADL) of B'nai B'rith, in collaboration with the ADL's contacts in police departments around the country. (See the Examiner article reproduced on the reverse side of this letter.)

The FBI and the SFPD raided the ADL's offices in Los Angeles and San Francisco and discovered that the ADL had in its possession illegally acquired files taken from more than twenty police departments in the state of California alone.

The evidence indicates that the ADL's illegal penetration of police departments is taking place on a national level.

There are names of some 12,000 Americans in the ADL files that are now in the custody of the SFPD alone. How many hundred thousand names are in ADL files around this country?

This sounds like the kind of thing that happens in a totalitarian police state.

The fact that the San Francisco investigation has already revealed that the ADL is conducting this operation on a national basis demands that a national Congressional inquiry be undertaken to get to the bottom of this scandal.

I am urging you to call for a full-dress Congressional inquiry into this scandal.

Please advise me as to what immediate action you will take to end this massive violation of American civil liberties.

Sincerely,
